CANADA'S #1 SPECIALIZED HANDPIECE/SMALL EQUIPMENT SUPPLIER & AUTHORIZED HANDPIECE REPAIR FACILITY

INTRODUCING THE **ZOLAR**

Photon Dental Diode Laser (3 Watts)

WHY THE PHOTON SERIES BY ZOLAR?

- Canadian Manufacturing
- Highest rating from *The Dental Advisor*
- Optimal portability: long-lasting battery pack (3.5 to 4 hrs) & wireless foot pedal
- Very advanced software with user-friendly menu options
- 2 wavelengths available (810 nm - 980 nm)
- Built-in tutorial (12 pages on screen)
- 21 built-in treatment presets
- 2 year warranty
- Large 3.5 inches touch screen color display

THE FIRST EVER 2 IN 1 LASER (SOFT-TISSUE + LOW LEVEL LASER THERAPY)

Dental professionals no longer have to purchase two separate devices to conduct both soft tissue diode laser procedures (surgical, perio and hygiene) and the newly approved Dental Pain Therapy / Photobiomodulation (PMB) applications. The Photon now equipped with Low Level Laser Therapy option combines both.

"The reduction of the price point has made diode lasers affordable for most practitioners..."

Awarded Zolar Photon and Photon Plus products the high rating, 5 out of 5 plus's 5++++

"I've been a Precision customer for years and they have what it takes to keep my office running smoothly with the right equipment recommendations, prompt and well-priced repairs, and top quality accessories."

DR. PETER WALFORD, DDS, FRCRDP - HORNBY ISLAND, BC

"Rob and his team at Precision Dental offer excellent choices of dental and surgical equipment, and their service is second to none!! Working with this company has been a great experience and I will continue to use their services in the future."

DR. TOM WIERZBICKI - CALGARY, AB

- ✓ Turbine Rebuilds

Same turbine but different maintenance

OTHER PROBLEMS?

- Water/Chip Air Spray
- Coupler Leaking • No Light
- Flickering/Dull LED

ATTACHMENTS & HEADS

ELECTRICS + AIR ATTACHMENTS

MOTORS & CONSOLES

We only replace the necessary parts but you're guaranteed optimum performance. Replacement of bearings, rotors, orings, seals, gears, springs, cartridge replacement and rebuilds are just some of the stuff we do. All services include adjustment, clean, lube and test.

CAUTION: Did you know electric handpieces can cause burns if NOT running correctly? Electric repairs should be repaired by professionals who are factory trained and authorized. We guarantee customer and patient safety and satisfaction. Patient safety is #1

ELECTRIC HANDPIECE IN-OFFICE TESTING

DOES IT TURN SMOOTHLY?

With a test bur inserted, manually rotate the bur between your fingers and check to see if the bur rotates smoothly.

HOW DOES IT SOUND?

With an attachment connected test air, water, and motor while gradually increasing speed to specific handpiece maximum. Run for 30 to 45 seconds without a load and listen for unusual grinding or click noises when operating in forward and reverse.

IS THERE EXCESSIVE HEAT?

While running the handpiece at maximum speed touch the head and neck areas with caution to check for excessive heat. It should feel cool to the touch.

If your handpiece fails any of these tests above cease use immediately before any further harm is done!

Perform the In-Office Test before each procedure.

SEND IN YOUR HANDPIECE FOR A DETAILED FREE NO OBLIGATION ESTIMATE

PLUG & PLAY IN MINUTES!

BUY (1) NANO SYSTEM PLUS (1) Z OR X SERIES HANDPIECE - GET (1) HANDPIECE FREE

"Everything works great. I was able to install the Electric system in less than 5 minutes.

Torque is powerful. I started using the electric 45 degree contra angle handpiece for surgical extractions, sectioning of a tooth is like cutting through butter with a hot knife. I use the other 1:5 conventional handpiece for crown preps and I'm doing approximately 30% faster crown prep than with air highspeed turbine. I can't tell you any complaints. Regards,"

Dr. Fidanoski - Grande Prairie, AB

"I have my electrics in and going this week. They are incredible, it is like trading in a Corolla for a Ferrari. Won't be needing air turbines any longer!"

Dr. R. Gardiner - Squamish, BC

COMPATIBLE WITH ALL ELECTRIC SYSTEMS

NSK Z45L Surgical 45 Optic Attachment
\$2225 / \$1885 ea.
(C1064001)

1ST SURGICAL 45 FOR ELECTRIC MOTORS
